CERTIFICATION

Digital Onboarders DO-DEEL – Mind The Gap 2022

PROFILE

Front-End Developer with hands-on expertise in HTML, CSS, JavaScript, and React. Proficient in UI design tools and frameworks such as Tailwind CSS, Bootstrap, and SASS. Experienced with version control systems like GitHub and design software including Figma. Actively engaged in personal and freelance projects that demonstrate a commitment to developing responsive, user-centered web applications. Adept at applying UX research principles to enhance user experience and skilled in both independent and collaborative environments.

WORK EXPERIENCE

Front-End Developer (Freelance & Personal Projects)

- Developed several responsive websites and web applications using HTML, CSS, JavaScript, and React.
- Implemented UI designs using Tailwind CSS, Bootstrap, and SASS to create visually appealing and functional interfaces.
- Managed project workflows and version control with GitHub to ensure efficient development and collaboration.
- Created and refined user interfaces based on designs and feedback from users and peers, leveraging Figma for prototyping.

Graphic Designer

Freelancer   2022- Date

- Designed and developed visual assets including logos, posters, flyers, and banners, demonstrating a strong understanding of design principles and aesthetics.
- Collaborated with clients to translate their needs into compelling and effective design solutions.
- Enhanced brand identity and visual communication through creative design approaches.

Digital Onboarder

DO-DEEL   Nov 2021 - Nov 2022

- Contributed to the mission of accelerating digital adoption by educating community members on technology and career opportunities in tech.
- Conducted weekly sessions to raise awareness and guide individuals in choosing suitable tech stacks, fostering a stronger tech community.
- Utilized communication skills to engage with diverse audiences and provide tailored advice on digital tools and technologies.
